## EXPERIENCE

### Mern Stack Internship- Jabalpur.

Intern -August 2023 – February 2024

- During my internship, I gained hands-on experience in frontend development technologies such as HTML, CSS, and JavaScript gained through the internship experience. Skilled in database design and SQL for efficient data management.
- Experienced in real-world projects like **Todo Summary Assistant** and **Vehicle Service System**.
- Strong problem-solving, debugging, and **performance optimization** skills.
- Passionate about continuous learning and delivering **scalable, user-focused solutions**.

### Java Full Stack Development Internship - March 2025-Present

TAP Academy-Bengaluru

- Gaining hands-on experience in developing full stack applications using **Java, Spring Boot, MySQL, HTML/CSS, JavaScript, and React.js**.
- Built RESTful APIs using Spring Boot and integrated them with dynamic front-end components.
- Worked on real-world projects including **Todo Summary Assistant**, implementing features like CRUD operations, API integration, and Slack bot notifications.
- Strengthened skills in debugging, problem-solving, and optimizing both client-side and server-side performance.

## PROJECTS

### Vehicle Service System

May 2024

- Developed a comprehensive web-based system for managing vehicle service requests and operations.
- Implemented modules for customer registration, service booking, vehicle tracking, and service history management.
- Utilized technologies such as **HTML, CSS, JavaScript, and MySQL** for front-end and database management.
- Utilized technologies such as **HTML, CSS, JavaScript, and MySQL** for front-end and database management.
- Enhanced the overall efficiency of service centers by digitizing manual processes.

### Online Food Delivery System

August 2025

The project “**Online Food Delivery System**” uses the **HTML,CSS,JavaScript,JSP,JAVA,JDBC,SERVLET**.

- Designed and developed a full-stack food delivery platform enabling customers to browse restaurants, view menus, and place online orders.
- Built user authentication & session management (login, signup, role-based access for customer, admin, and restaurant).
- Used Java, JSP/Servlets, JDBC, and MySQL for backend logic and database management.
- Integrated cart & checkout system with item quantity management, order summary, and total bill calculation.

## TECHNICAL SKILLS

**Programming Languages:** C++, Java, JDBC, JSP, HIBERNATE.

**Web Development:** HTML, CSS, JavaScript.

**Technologies/Frameworks:** ReactJs, SpringBoot.

**Databases:** MySQL.

**General:** Object Oriented Programming.

**Other:** GitHub, Git, EclipseIDE, VsCode, MSWord.

## EDUCATION

**Bachelor of Technology:** Computer Science and Engineering

Jul. 2020 – June 2024

**Shri Ram Institute of Science and Technology Jabalpur**

GPA:7.76C.G.P.A.

**Govt High Secondary School, 12<sup>th</sup>**

GPA:83%

**Govt High Secondary School, 10<sup>th</sup>**

GPA:76.6%

## ACHIEVEMENT

- Mern stack development certified.
- I have certified in great learning all certificates
- Java Full Stack Developer.
